

# Hayes Barton Animal Hospital

## Surgical Consent Form

Pet's Name: \_\_\_\_\_

Procedure: \_\_\_\_\_

### Monitoring Your Pet

Your pet is with us today for a surgical procedure that will require anesthesia. We will perform a physical exam along with pre-anesthetic blood work prior to the administration of anesthetics. This will allow us to check liver, kidney, and red blood cell values in order to rule out pre-existing internal problems that may not be evident on physical exam. Procedures requiring general anesthesia will also have blood pressure, pulse oximetry, and EKG monitoring, as well as intravenous fluids.

### Microchipping

\_\_\_ YES: While your pet is here today would you like us to implant a microchip? Microchips help reunite thousands of lost pets with their owners each year, and we strongly recommend them.

I decline microchipping my pet \_\_\_ My pet is already microchipped \_\_\_

### Authorization

I authorize Hayes Barton Animal Hospital to administer anesthesia, perform surgery, prescribe medication, or treat my pet. I understand that no guarantee of successful treatment can be made. I accept financial responsibility for the treatment of my pet and I understand that payment in full is due upon release of my pet from Hayes Barton Animal Hospital.

**Owner's Name** \_\_\_\_\_ **Signature** \_\_\_\_\_  
(Please print) **Date** \_\_\_\_\_

### Please list all phone numbers where you can be reached today:
